MARCH 31 - APRIL 2, 2017

HOOSIERHORSEFAIR.ORG

THE HOOSIER HORSE FAIR & EXPO is accepting applications for Experience the Ride. A one-of-a-kind opportunity to ride with nationally recognized Clinicians during the Hoosier Horse Fair & Expo.

NEED TO KNOW BEFORE APPLYING FOR A CLINIC

1. The HHF&E clinics will offer educational opportunities for horse and rider at all levels.
These clinicians are looking for a select number of horsemen and horsewomen that desire to improve a skill or correct a problem. Apply today and benefit from the experience.
2. Additional stalls may be purchased at \$75.00 for the weekend; stalls do not include bedding
Please order shavings with application. (additional shavings available on-site)).
3. Submit a current picture of horse and rider with a completed application and clinic fee.
4. If a clinician is unable to attend the event for any reason, the Hoosier Horse Fair & Expo will make every effort to replace the clinician with one of similar caliber to conduct similar topics. If a replacement cannot be secured and the clinic is canceled, reimbursement will be provided to the applicant.
5. Riders and horses should be comfortable riding in an arena with large crowds. There will be limited time for warm-up in the round pen.
6. A \$50.00 processing fee will be assessed for any returned check.
7. All horses brought to the Hoosier Horse Fair & Expo are expected to be free of illness and infectious disease.

PLEASE COMPLETE AND MAIL THE FOLLOWING APPLICATION TO

PEGGY BROWN/ DRESSAGE-DRIVING-ENGLISH.

Horses and riders must be in regular work and both should be experienced in riding in an indoor situation with loud speakers and in front of a crowd. Stallions, mares or geldings are all acceptable as long as the horse is well behaved riding in a group situation.

Centered Riding clinics are designed to work with the rider's body. The rider should select a horse that will stand quietly for hands on bodywork on the rider. The horse should walk, trot and canter or lope obediently and quietly. The rider is our focus in this clinic so horses with serious training issues or behavioral issues will not allow the rider to fully concentrate and focus on their own riding and improvement. Centered Riding will improve the horses markedly as our riders make small but important changes in their bodies and riding.

All riding disciplines are welcomed and will benefit from the clinic. Riders should be able to walk, trot or gait, and canter or lope in a group with control. Simple patterns will be used. Riders should be willing to ask questions and respond to the clinician with feedback and observations on their riding.

Riders should be clean and neatly dressed according to their discipline. Helmets and riding boots (no lug soles please) are required. Please try to wear a shirt or top that is reasonably form fitting, like a sweater or vest, so that the audience and the clinician can easily see your balance and alignment. Tack should be clean, sound and workmanlike. Bridles are required.

Please have your horse neatly groomed and prepared for an audience. Late winter/spring horses may have a heavy coat and may overheat in an indoor arena. Please be prepared to dry and cool out a wet horse if your horse is not clipped.

Peggy Brown or Susan Harris would like to meet with each rider and horse before the clinic. Rider cell phone numbers and stall assignments should be made available to us by the expo organizers.

Any questions feel free to call Peggy Brown 419-509-0174 or Susan Harris 607-423-2813

Friday

Refining your driving skills – Secrets to better communication in harness. *One to three experienced drivers (group size based on the arena size). Horses or ponies are fine with singles or pairs. Mini's need to be aware that the arena footing may be deep and difficult to pull in. Horses should be experienced driving animals who are currently in work. They should be confident and experienced in a show situation with loud speakers and activity on all sides. Green, inexperienced, or horses not in recent work will not be accepted in this clinic. Drivers should come with vehicle and harness clean and in good condition, this is not a clinic in which we can adjust harness fit. Drivers must wear a helmet, carry a whip, and wear gloves. A driving apron is nice but not required.*
